4. Environmental Studies	<ul style="list-style-type: none">• My Country

The work we have created is to keep children fruitfully occupied and review all the concepts taught to them in the class. In addition to that, please do spend time reading to and with your child as once they get engrossed in the world of books, they will never feel bored or alone. Playing indoor games will enhance their thinking and logical reasoning as well.

Looking forward to your continued support in our endeavours.

Thank you

Regards

Grade 1 Teachers
