Subject: Request for Endorsement of Project 'GREEN Olympiad 2020'**Dear Dr. Emmanuel,**

Sir, Greetings from TERI!

Though the current pandemic has shut down school campuses, but we sincerely appreciate efforts being taken up by CBSE to encourage students to continue their education through virtual learning tools. It is essential to keep them positively engaged with the academic requirements. Please do let us know if you would like TERI to help you in any way in ongoing digital interventions with schools across the country.

As you are aware, TERI has been working extensively with schools across the country on issues related to environment and sustainability. CBSE has endorsed TERI for conducting GREEN Olympiad in schools across the country (*A copy of the circular is attached with this letter*). This year, due to closure of school campuses we will conduct GREEN Olympiad through online mode, so that students can appear for this from their residences. This Olympiad will also carry a special section to create awareness amongst students about COVID-19. Students can enroll for GREEN Olympiad through the **registration link**, <https://www.teriin.org/olympiad/registration/>

GREEN Olympiad is a value driven project being conducted by TERI for school students annually since 1999. This examination serves a dual purpose of testing the environment quotient of students and also enhancing their understanding on issues related to sustainable development. Students from classes IV to XII can appear for this examination. Our NEP 2020, Clause 4.42, also reinstates the relevance and value of Olympiads in the learning process.

We request for an endorsement support from CBSE for the GREEN Olympiad project so that a large number of students can benefit from this opportunity of participation in India's premier environment examination called GREEN Olympiad.

With kind regards,

(Livleen K Kahlon)
