Remote Learning @Sanskriti:Instructions for Students:

As informed , Remote Learning will start from March 17, 2020 as per the schedule (click [here](#) to see the schedule).

To make the most of this opportunity to learn from home make sure to **get up at the regular time everyday, take a bath and get into fresh clothes, just as you would get ready for school.**

To ensure that you don't miss out on the lesson, all students must follow the instructions as shared by subject teachers in the respective Google Classroom. **Do note that we are using your class IX and Class XI classrooms from the last academic session.**

During each lesson teachers will share multiple learning opportunities. These activities will include live sessions through Google Hangout Meet, Videos, Written homework (to be done in notebook/register), Self Assessment through Quiz.

To start the day, sign in to the Google classroom (with school email id) and open the classroom of the subject as per the schedule at the mentioned time. We will be looking forward to seeing you in the **Live Session through Google Hangout Meet which will be conducted in the first half of the period allocated.** The link for this meet will be shared by the subject teacher ten minutes before the time of the class for each session. Do follow the instructions to switch off your mic and video once the class starts.

Each day try to keep up with the instructions and assignments, ask queries. Teachers will be available online during the given time slot to help you with your doubts. Post the time slot, feel free to use Google classroom to post your doubts at any time, teachers will answer them as soon as possible.

If you were not part of the Google classroom last year or have changed subjects please check with the respective subject teachers today.

We look forward to an active participation from your end to make learning meaningful.

Remote Learning @Sanskriti:Information for Parents

As informed , Remote Learning will start from March 17,2020 as per the schedule (click [here](#) to see the schedule).

To make the most of this opportunity to learn from home make sure that your ward **gets up at the regular time everyday, take a bath and get into fresh clothes.**

All instructions will be shared by subject teachers in the respective Google Classroom. **Do note that we are using class IX and Class XI classrooms from the last academic session.**

During each lesson teachers will share multiple learning opportunities. These activities will include live sessions through Google Hangout Meet, Videos, Written homework (to be done in notebook/register), Self Assessment through Quiz.

To start the day, students will sign in to the Google classroom (with school email id) and open the classroom of the subject as per the schedule at the mentioned time. We will be looking forward to seeing them in the **Live Session through Google Hangout Meet which will be conducted in the first half of the period allocated.** The link for this meet will be shared by the subject teacher ten minutes before the time of the class for each session.

Please encourage your ward to actively participate in the learning and complete the assigned tasks.

I look forward to your cooperation in making this endeavour a success.
