Mathematics Olympiad conducted by Mathematics Association, BITS Pilani

[BITS Pilani](#) is taking an initiative for the students of **Class XI and XII** by conducting **Mathematics Olympiad** to give them an idea of quick thinking and solving in competitive exams for the subject of Mathematics.

The olympiad will not only help in faster thinking but also help the students in gauging their understanding of their topic. The main motive of this initiative will be to foster thinking ability and hands-on practice for their upcoming exams. This exam will help the students of both the classes to prepare for both **CBSE Board Examinations and various competitive exams like JEE, BITSAT, etc.**

Details of the Olympiad:

Syllabus: Topics covered in the NCERT textbook for class 11 and 12.

Tentative date and time: 12 PM December 20, 2020

Duration of the test: 40 minutes.

Registration fee: ₹ 50 per student

Prize Details:

-The 1st and 2nd Place winner (for each category) receives a **cash prize** along with **certificates of merit**.

-The school with the highest average score (with 30+ participants) wins the **best school award** along with a cash prize.

-The topper of each school gets a **certificate of merit**.

-Every participant gets a **certificate of participation**.

Registration deadline: December 15, 2020

Students can register themselves using the following link:
