For young innovators of 13-18 years of age

Behind The Suits is a Corporate Idea Hackathon for **13 - 18 year old students** to solve real life problems of Indian Corporates.

Behind The Suits (BTS) is an exciting innovation by ENpower, to bring design thinking, problem solving & creative thinking skills to young students. Children are exposed to real-life problem statements of Indian companies & trained to build actionable insights. Additionally, ENpower will mentor the best insights & convert them into real ideas, so that students gain from this special experience

Top 3 student ideas win exciting prizes like Echo Dot 4th Gen, Echo Dot 3rd Gen & Bluetooth Headphones. Top 10 ideas win a 6 hour Design Thinking Workshop with ENpower to transform their ideas into implementable solutions. All participants win Certificates too! And, winning Schools earn a Free Design Thinking Workshop for their Educators!

The first BTS event is being organised on World Entrepreneurship Day i.e. 21 Aug 2021.
We would like ATL students to participate in large numbers.

The attached flyer carries a registration link. Students may click on the link & fill in their details at the earliest.

Note to the students: After registration send a mail to sangeetagulati@sanskritischool.edu.in for record and follow up.
