

Congratulations Addea Gupta

Addea Gupta (XIIE) secured the **Third Grand Award at the [Regeneron International Science and Engineering Fair 2021](#)**, the international level of IRIS National Fair.

ISEF is the world's largest and most prestigious research competition for high school students.

Addea was also the **first student from Team India** who won a Grand Award in the category of Mathematics, breaking a long- standing barrier.

This year, ISEF had a record- breaking 1500 projects from over 60 countries with 52 in the category of Mathematics.
