Reimagining Technology Education and Research

Students and parents are invited to attend the session **on Reimagining Technology Education and Research** and meet the Admission teams from Indian Universities. Hear them talk about their **interdisciplinary courses**, college applications, admissions' policies and more.

Event Details :

Date - August 18, 2020
Day - Tuesday
Time - 12:45 P.M. to 1:45 P.M.
Audience - Grade XI and XII (Students and Parents)
Venue - Google Meet
Participating Universities - Plaksha University
                                                Shiv Nadar University

Please note that Sanskriti school has organised the discussion exclusively for their students. The students will receive the link for the same 10 mins prior to the session via their section's google classroom. Parents can join in with their ward. This is a great opportunity for the interested students to e-meet the university representatives and speak to them. **Students from humanities and Commerce can also join the session to know more about the interdisciplinary course by Plaksha University.**
