

Grade VII - Session: 2022-23
Summer Holiday Homework

Dear Students of Class VII

It's time for a fun-filled and relaxing summer break. However, while you enjoy yourselves, you must ensure that you also spend your time meaningfully. Your teachers have worked upon some fun ways of keeping you busy!

Stay safe and healthy.

Wish you all a very happy holiday!

<p>SOCIAL SCIENCE</p> <p>Project in History – Learning about - ‘MUGHAL ARCHITECTURE’ 10 marks Submission Date - 13th July 2022</p> <p>The Mughal architecture was a blend of Indian, Islamic and Persian styles. Extensive use of marble,</p>	

coupled with inlay work and exquisite and unparalleled craftsmanship still stands testimony to the splendor of the Mughals. Since we will be studying about the Mughals as a part of our Social Science curriculum this year, it would be interesting to learn about their architectural style and monuments.

There are two parts to the project -

I. BE AN ARCHITECT DURING MUGHAL RULE

Imagine you are an architect in medieval India. You have been appointed by one of the royal ladies to build a particular kind of building. It could be a sarai, a tomb, a mosque, where the faithful can go to pray, it could be a Madrasa for girls, it could even be a Shopping Arcade exclusively for women Or you can even choose any other building.

Only keep in mind that the structure should have been commissioned by a woman. Select the royal lady from medieval India.

II. WRITE A PARAGRAPH - On the same A3 sheet

Now write a paragraph, recounting how you were asked by your royal Lady patron to build the structure. Your paragraph must include the following

-

1. How would you go about planning and executing the construction of the building?
2. Describe the problems you might face in completing your work.

Details will be put in your Social Science Google classroom and Smart skills
