

LITERARY

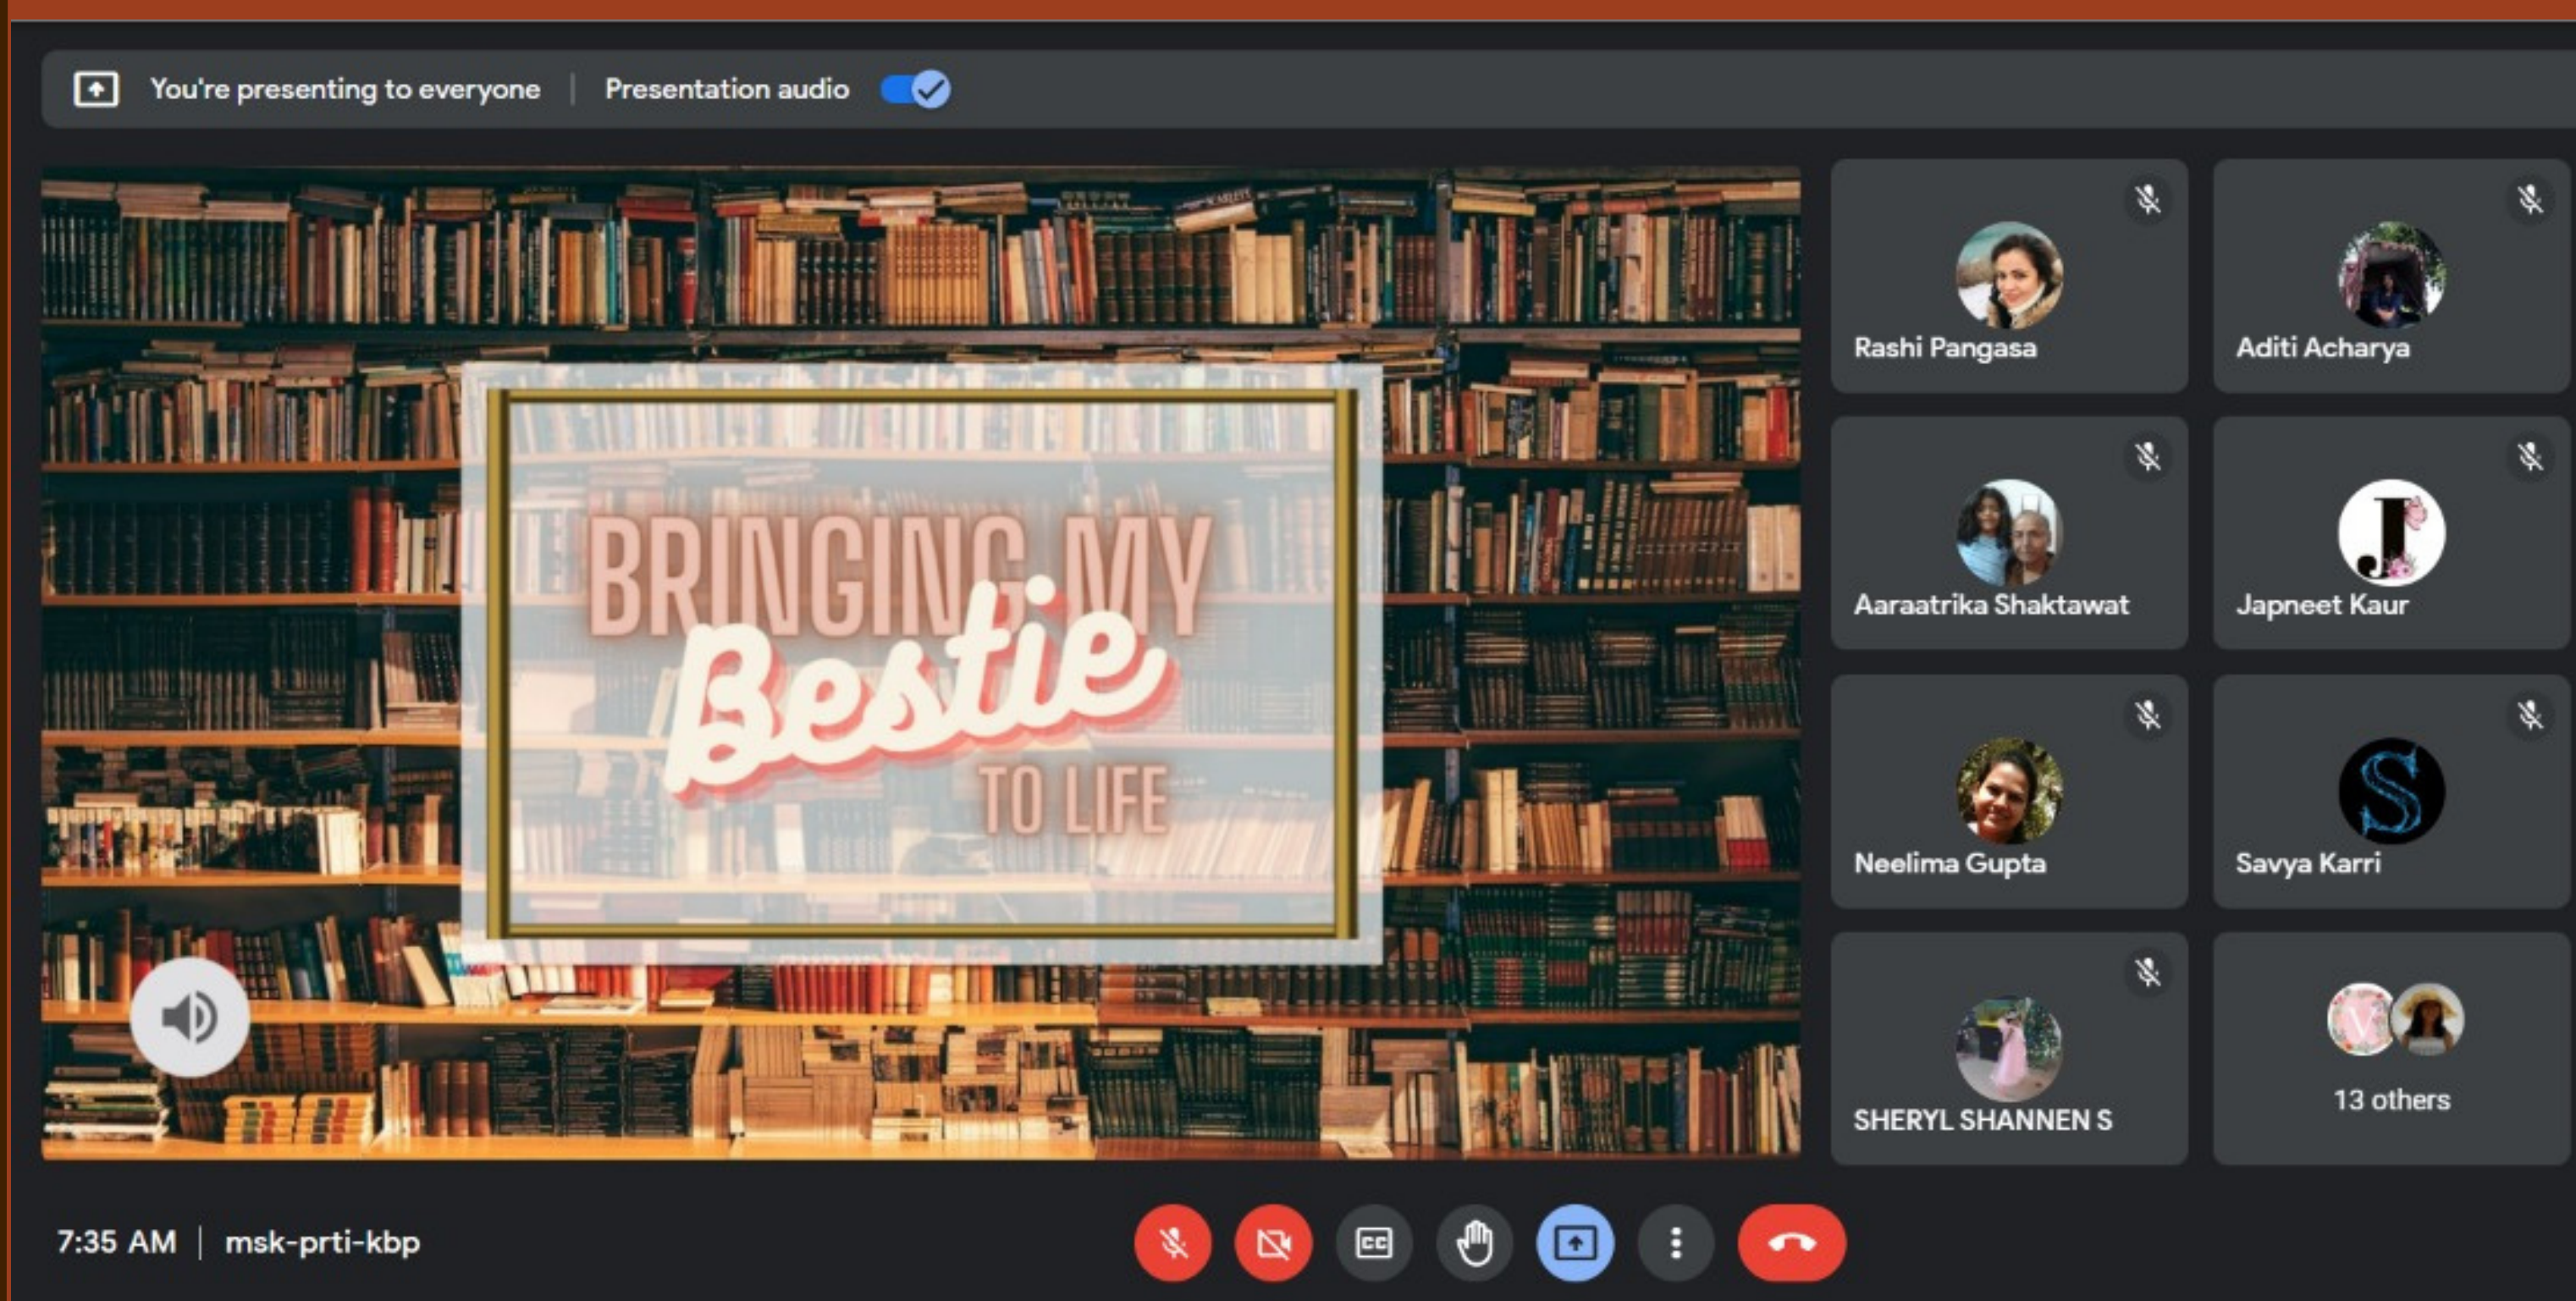

WEEK

DAY - 2

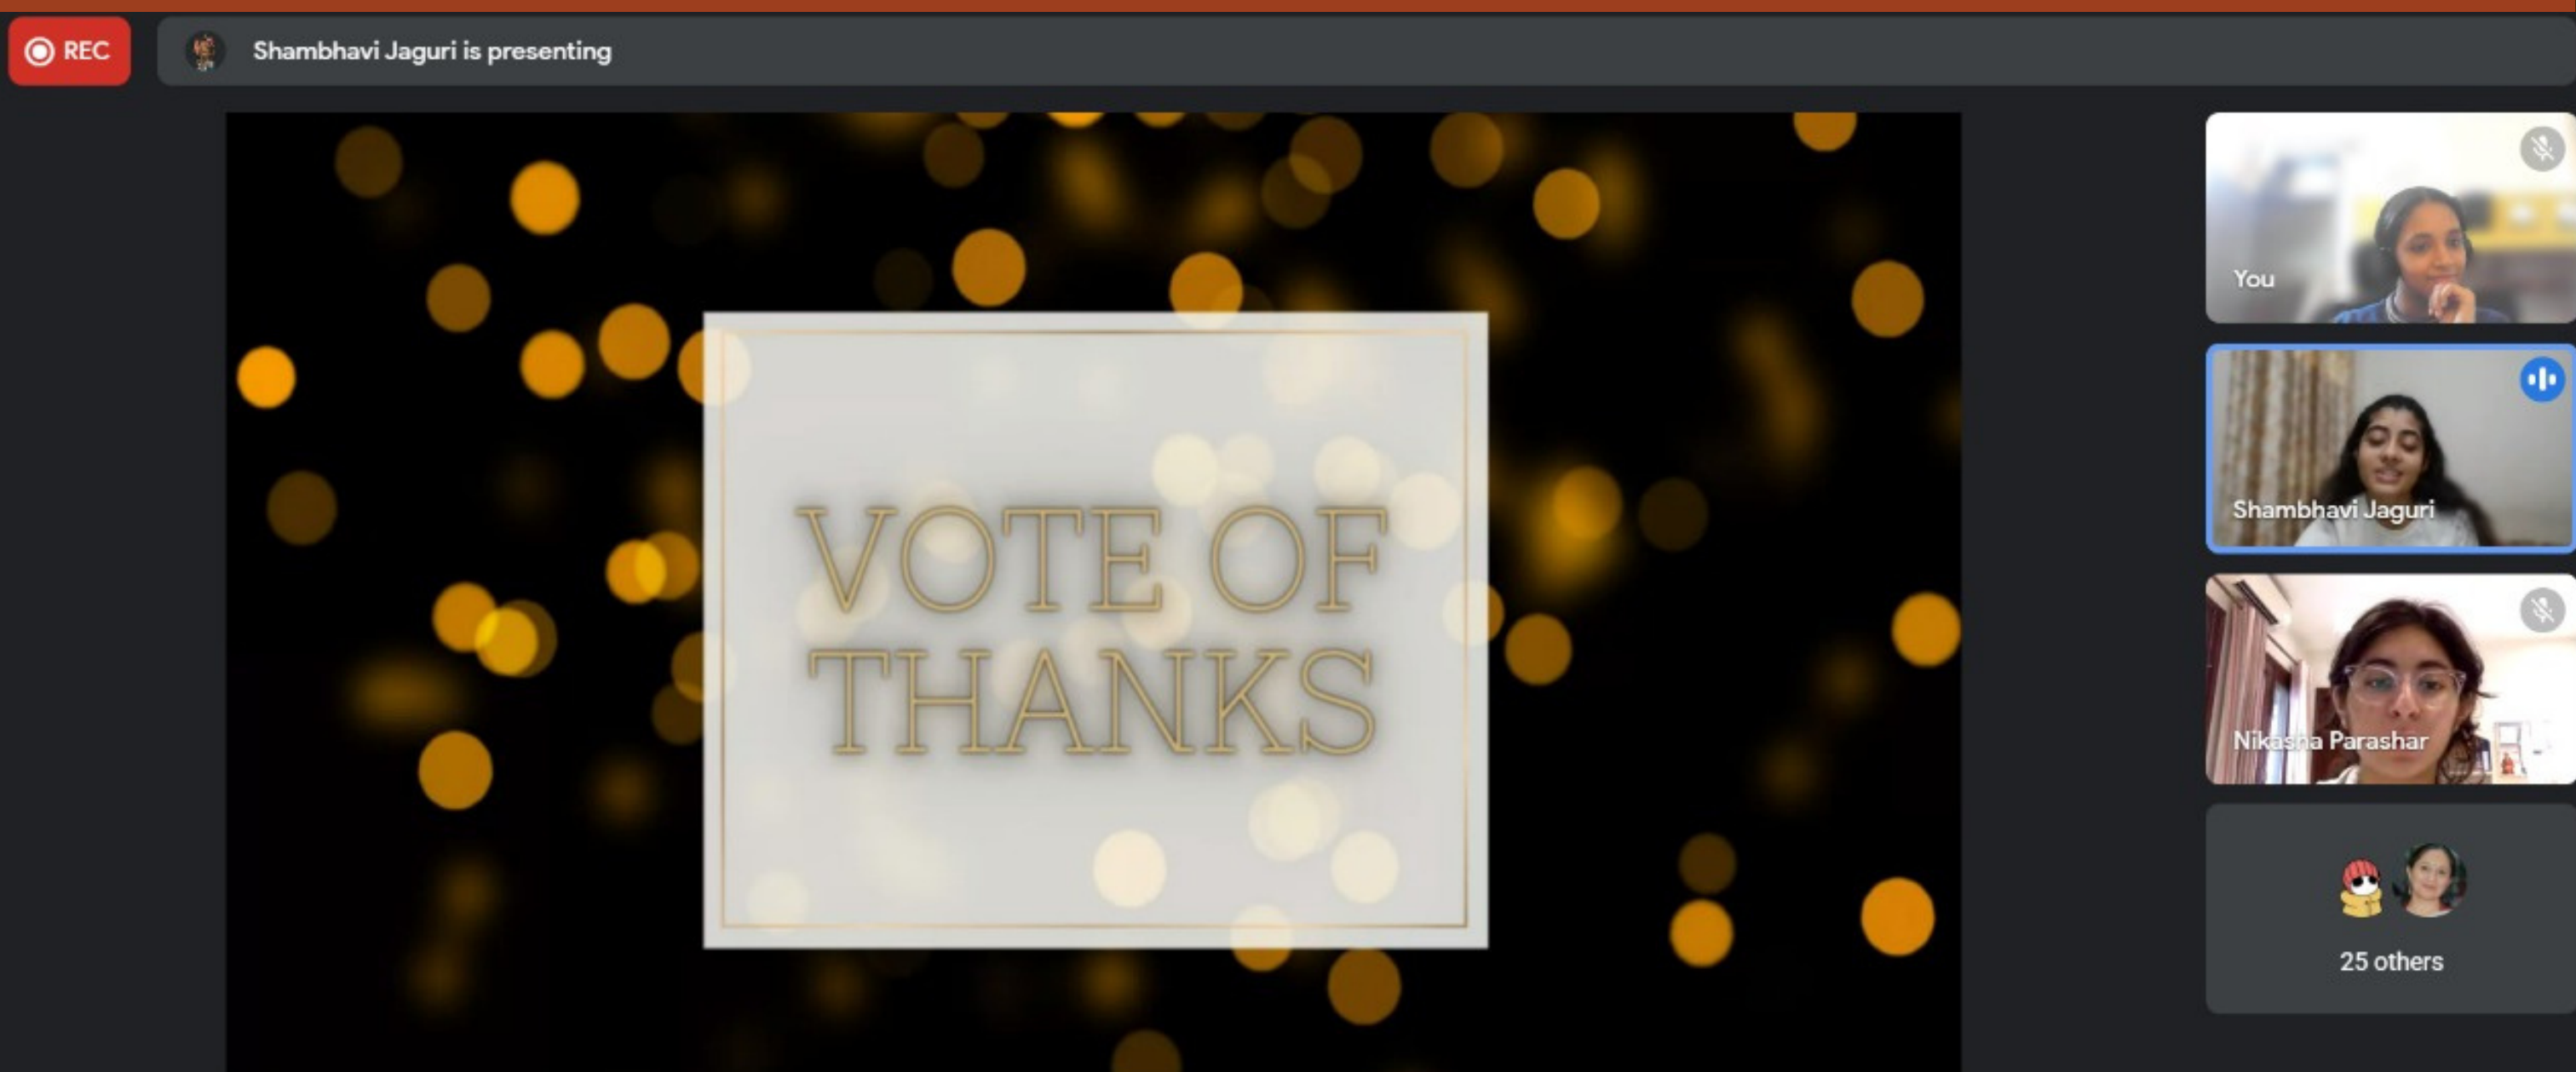

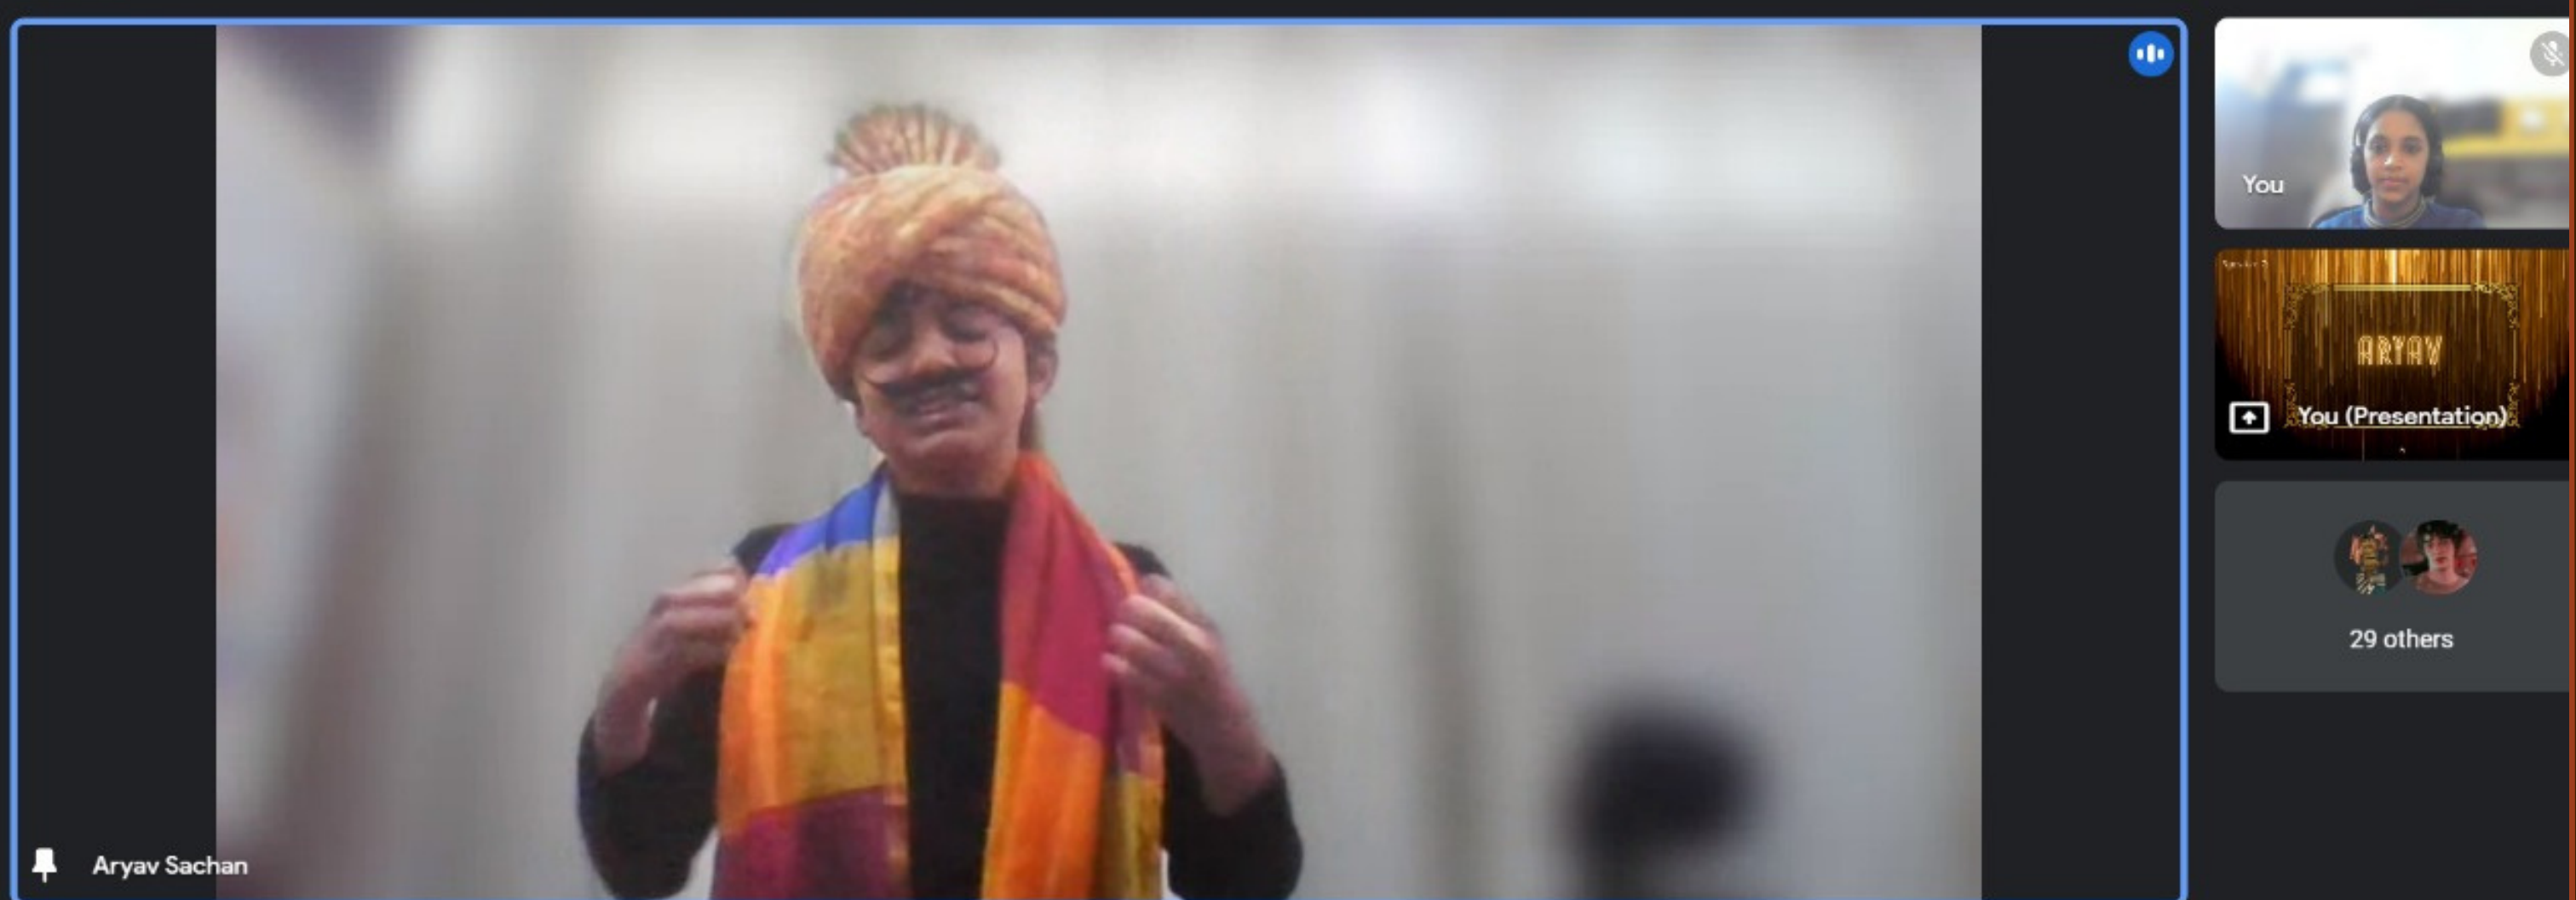

# BRINGING MY BESTIE TO LIFE

Our talented 6th graders took to bringing their favourite literary characters to life, be it Akbar, Matilda or Hermoine! Stepping into the shoes of such timeless characters, they displayed creativity and exceptional enacting skills.

Prakash bagged first position, followed by Pratigya in second place, and Prayas in third place.

At the end of the event, they explored their inspiration behind choosing their character. The young participants reminded us how to have fun again, and for an hour, each member of the audience was transported to the magical world of books.

# PITCH YOUR BOOK

The voracious readers of 8th grade enthusiastically promoted their favourite books during the event 'Pitch Your Book', eloquently expressing the book's merits in both Hindi and English. The participants added to their arguments by presenting some beautifully illustrated slides that definitely added to the allure of the books.

The slide features the book cover for 'When Hitler Stole Pink Rabbit' on the left. The cover includes the title in yellow and red, a '50th Anniversary Edition' badge, a quote from Michael Morpurgo, and an illustration of a man and a girl. The right side of the slide has the title in large, colorful letters and the author's name below it.

One can confidently say that people will be adding the books talked about to their reading lists, including the judges Medha Ma'am and Yashoda Ma'am, who were thoroughly impressed by the students' presentation.

The competition was tough, but eventually Pratigya came out on top as the winner followed by Prakriti in second place and Prayas in third.
