## Laying the foundation for a bright future

**CLASSES 3, 4 & 5**

***Parent Orientation 2021***

*Difficulties are  
meant to  
challenge, not  
discourage.*

*The human spirit  
learns to grow  
strong through  
challenges.*

# Vision Statement

To create happy, thinking  
and feeling **Sanskritians**  
who will be change makers.

It is our endeavour to equip our students with the right attitude and aptitude to face any challenges.

- ❖ We have a group of highly energetic, motivated, committed and enthusiastic group of teachers.
- ❖ The teacher's role is to gently guide the children to a new world of discovery and fun learning
- ❖ Within a class we have children of varying levels and teachers are well equipped to deal with all classroom situations.

*NEVER STOP LEARNING,  
BECAUSE LIFE NEVER STOPS TEACHING*

*Remote learning*

- Remote learning provides an opportunity for students and teachers to remain connected and engaged with the curriculum while working from their homes.
- Students at Sanskriti benefit from Inclusive Education. It is critical to understand differences and be accommodative.
- Emphasis on developing life skills

# Continuous Evaluation

- ❖ In the Junior school, our system of evaluation is continuous and it not only recognizes but celebrates individual differences
- ❖ Formal Unit Test are only in Classes 4 & 5- only grades are given

# Learning continues.....

- CTIP period starts at 8.00 am
- The new timetable has been designed to give more emphasis to practise and honing of various learning skills.
- We have included an activity period everyday. .  
Different activities have been incorporated into our daily timetable to change the pace and style of learning especially during these times so that students have an even greater experience of school and are able to connect with each other more deeply.
- Breaks have been given between classes

# Guidelines

- **Punctuality is essential** – Students must join their online classes **on time at 8.00 a.m.**
- Children must join the classes according to the Time Table and should be encouraged to follow a regular study routine. *It is essential that they attend all classes through the day and NOT just select a few. Their overall attendance depends on their attending all classes.*
- To keep abreast with the class and be more responsible, it is imperative to teach them the importance of revising their work. Please go through their notebooks with them and help them complete their work.
- Safety of your children is of utmost importance to us , so ensure that they are supervised when they are online. You may unobtrusively keep an eye on them to check the websites they visit .

## Activities to look forward to:

To ensure that we can maintain as much normalcy as possible we continue to keep our students engaged in activities that were a part of our normal school routine

- DEAR Time
- Art Day
- Maths Day
- Literary Days
- Children's day
- Teachers Day
- School Birthday

# Monitoring Wellbeing

## Keep a consistent sleep schedule

- Get up at the same time every day, even on weekends or during vacations.
- Waking up usually has to be at a fixed time, hence going to sleep is at your choosing.
- Set a bedtime schedule that is early enough for you to get at least 7 hours of sleep.

Strictly NO 'screens' in bed

- Turn off electronic devices at least 30 minutes before bedtime.
- And don't keep those smartphones plugged in near our bed.
- Activate the Do Not Disturb feature, at a fixed time every night automatically.

- Exercise regularly-get at least 30 minutes of vigorous activity on most if not all days.

- Make your bedroom quiet and relaxing.
- Keep the room at a comfortable, cool temperature.
- Keep the room as dark as possible.

Establish a relaxing bedtime routine

# Reaching out to our Young Learners....

- It is our sincere endeavour to reach out to each and every student .
- For addressing issues related to accessibility to the Meet Sessions/ Google Classrooms, please do not hesitate to reach out to the following -
  - \*Ms Suruchi Lal (Jr School Incharge)
  - \*Ms AmbitaVerdi (Inclusive Education Coordinator )
  - \*Class Teachers

- Parents are requested to inform the class teacher in case their child is unwell and is likely to be absent from class. If ever your child is unable to join classes, kindly inform the class teacher by writing an email
- Please note **email** is the preferred method of communication with teachers and not WhatsApp messaging..
- Do check the **school website** regularly

# Parent support

We thank you dear parents, for working with us to support our student. We acknowledge how equally challenging it has been for you, as parents and families too. We know that our students have needed your support more than ever. We also know that they will continue to need our support, to flourish during and after this terrible pandemic.

## **CHANGE IN ADDRESS:**

- Parents are required to inform the school authorities/class teacher if there is any change of address and telephone numbers (Important in case of emergency and we need to contact the parents)
- Parent/student profile should be updated on the school website regularly.

**NOTE!**  
**ADDRESS CHANGE**

# Teaching our children to be safe, responsible, and respectful online

- The Internet can be a wonderful place to learn, play games, and talk to friends.
- Unfortunately, there are also predators, identity thieves, and others online who may try to harm.
- With online classes going on in full swing, children have to inevitably spend at least a couple of hours in front of the screen.
- In order to be safe online, it's important for everyone to be aware of the dangers.

**During online classes as well as when children access their parents gadgets there are some risks that can face**

**IMPORTANT**

All games, learning apps and creative tools **need to be checked by parents before being installed.**

**Teach children they must always ask for permission before installing an app**

**It is advisable for elders to always be in the vicinity while children are using the internet.**

From the beginning remind children that at all times they must:

- Keep your **passwords** a secret (Parents must know all passwords but no one else)
- Never share your location
- Never share your phone number
- Or any other personal information like school name, age etc

**SAFETY FIRST**

Safety Starts Here  
Think Safe...  
Work Safe...  
Be Safe

**It is our endeavor to equip our students with the right attitude and aptitude to face any challenge in the future.**
