

Dear Parents,

We are happy to share with you that we are bringing this year's ISFO Olympiad competition for our students, which will be conducted by our partners, Eupheus Learning. This will be an on-line competition.

Keeping in line with a continued learning for our young learners, Olympiad 2021-22 (organised by ISFO) will take place for four subjects of English, Math, Science and GK. We encourage each student to partake in this and benefit at an individual level. Our student can opt for any subject or all subjects as per their interest. The students can use either a laptop, desktop or mobile for the Olympiad. However, being an e-proctored test, the students will not be able to use any device using the iOS platform.

The details of the same are mentioned in the attached document. The interested parents can log-on to www.isfo.in for more information and register on <https://skool.ai/isfo/login> using the school code VHX0Y. Do remember the key dates.

December 7th, 2021: Last date of registration.

January 8th, 2022: Competition for Math and English.

January 9th, 2022: Competition for Science and GK.

In order to make this competition more interesting and engaging, we encourage you to give our young learners enough opportunity to practice. There are certificates and medals to be won through this competition. Read more about the same on ISFO's website. I'm personally very excited to bring this to you. Wishing you and your child the very best.

The format of the competition is as follows:

- Students can register on <https://skool.ai/isfo/login> using the school code VHX0Y and other details , (copy and paste school code)
- After the registration it will ask for login kindly do remember the email & password & use the same everytime

Keep checking your mail for further instructions.

Do not forget to check junk/spam folder.

School Code: VHX0Y

Price: Free of Cost for Sanskriti School Students
