

It is with immense pride that we share that Sunayna Adlakha of VIII-A has been chosen by the MCD for a project of beautifying Sunder Nagar and Khan Market area. As part of the project, Ms Yasmin Kidwai (the Councillor) has got the market dhalav of Sunder Nagar painted already. Mission RGB children were requested to give their artwork as the basis for the painting. Sunayna's brilliant artwork was selected due to its uniqueness and depth, and for serving as a reminder for the community to come together to segregate waste, through a combination of red, blue and green.
