

## **Congratulations to Ayush Pratap Singh**

Versity Math Competition was organised on a virtual platform by Fr Agnel School, New Delhi on 23rd and 24th Nov 2020 for grades 6, 7 and 8th. The topic was "Math in Vegetables and Fruits". It was a 40 minutes live session where the participant had to unravel the mathematical structures and dimensions in fruits and vegetables by preparing a 3D salad with emphasis on omnipresence and pervasiveness of maths in our daily life. Sixteen schools from Delhi participated in the competition.

Competition was organised in three parts.

- Preparation of shapes from veggies and fruits.
- Presentation of the salads.
- Live interaction with Judges.

*Ayush Pratap Singh Chauhan of Class 7B represented Sanskriti School in the Competition and secured third position.*

The theme of his presentation was "The Garden".

Well done Ayush!
