

## **Webinar by the Principal**

Join to hear Mrs.Richa Sharma Agnihotri in a webinar to explore the topic on **'How to Plan for Blended Learning as a long- term solution.'** The webinar covers the history of IT intervention in the school, the best and innovative pedagogical practices adopted by teachers and students to collaborate using tech tools, the use of technology for facilitating learning for specially- abled children. It includes Professional development and future vision of education as well as using technology for a blended learning model in the future.

This is an invite by Google to Sanskrit school to share what we do using GC
