

Dear parents,

'Architecture is a beautiful science of designing majestic marvels that leave an impression on human minds and human history '. It is rightly said, that the quality of what we build above the ground truly lies in its foundation.

We, the Prep teachers as the architects and you dear parents as the role models, have worked as partners for laying down a strong foundation for our young learners to build upon.

At the end of the Academic year 2019–20, it is a proud moment for us to see our little graduates move on to Grade 1. Our graduates are confident young individuals who are ready to chase every dream. We are sure that they will do us proud as they embark on the journey of formal schooling.

Warm regards,
Prep team

Dear young graduates,

We rejoice in your achievement.

And yet we are sad you all have to go!!

Endearing smiles, hugs and giggles

Circle time and lots of wiggles.

Blocks and playdough, playing with friends

Thinking these days would never end

Swiftly time has flown while you were having fun

You have learned and you have grown.

Tiny chairs will give way to desks

Question answers and spelling tests

So, spread your wings

Soar to new heights, learn new things

The secret to getting ahead is try, try till you succeed

Graduating to class 1 is a big feat indeed!

With blessings and words of love

**We wish you many more proud moments of success in future
too.**
