

## Kabir Goel wins pan -India Essay Contest

Recently, Kabir Goyal of IX-H participated in a pan-India essay contest, which was organized jointly by UNESCO and Takthe. Out of 1300+ submissions, his essay was chosen as one of the winners and it will be published in a book entitled *Year 1 AC (After Coronavirus): ESSAYS BY 100 YOUNG INDIANS*.

Contestants were given a choice of topics and Kabir chose “Not Everything We Find Online is True”. Inspired by the writings of the brilliant author Yuval Noah Harari, he examined the topic from a historical standpoint – specifically how the transition into the information revolution had impacted society, leading up to the advent of the internet and social media platforms.
